

Greater New Bedford Vocational Technical Institute and MassHire Region 6 & 7 Workforce Boards

Advanced Manufacturing

**Start Date:
November 2, 2021**

**Advanced Manufacturing Schedule:
Tuesday & Wednesday
November 2, 2021 - May 11, 2022
5:30 pm - 9:30 pm**

This course will teach the fundamentals of the Advanced Manufacturing industry and allow students to proficiently operate manual and CNC machinery. Students will be able to set-up and safely operate milling machines, manual lathes, band saws, drill press and other manual machinery.

Students will learn to operate and set up C.N.C. milling machines, machine safety, C.N.C. care, along with your basic G and M codes. This course will teach you how to run a C.N.C. HASS Mill.

This training could be free if you qualify!

**Successful completion
prepares students for:**

- MACWIC 1 Certification
- General Industry 10-Hour certification

Value \$1,100
