Intro to Machining & Manufacturing

If you enjoy solving problems and working with your hands, a manufacturing career has boundless opportunities for you.

Manufacturing is a growing industry on the South Shore. Employers are ready to hire!

Machining & Manufacturing Virtual Course

May 3rd - May 25th

6-9 p.m. Monday-Thursday

Deadline to apply is April 21, 2021

*For more information,
contact Deb LaFavre at:*

617-745-4052

or

dlafavre@masshiresouthshorecc.com

Requirements:

- Basic Math Skills
- Computer with internet access
- Must have diploma/GED (or graduating HS June 2021)

This course will introduce students to the skills, tools, and equipment used in a machine shop and manufacturing workplace. Each participant will receive their own kit with tools required for the course.

Free Training courtesy of the Executive Office of Housing and Economic Development.

40 Hour Course Plus 10 Hour OSHA-10 Certification
