

Greater New Bedford Vocational Technical Institute

1121 Ashley Blvd. New Bedford, MA 02745

Boat Technician

What is a Boat Technician?

A boat technician, also known as a marine technician, specializes in the maintenance, repair, and troubleshooting of various types of marine equipment and vessels. They work on a range of watercraft, including boats, yachts, and ships, ensuring these vessels operate safely and efficiently.

March 30th - June 25th, 2026

Classes meet Monday through Thursday

5:00 PM to 9:00 PM

Program Highlights

- Engine Maintenance and Repair - Learn to service and repair inboard and outboard engines, including both gasoline and diesel types.
- Hull and Structural Repairs - Learn to repair and maintain the boat's hull, including fiberglass, wood, and metal work.
- Students completing this program will be prepared for entry-level jobs in the industry and will earn the **OSHA-10 & Yamaha Certifications**.
