

Jumpstart your career in energy efficiency

Join the more than two million Americans in the largest sector in the U.S. clean economy. Start your career in weatherization and gain hands-on industry experience by applying for the Clean Energy Pathways program, a full-time, paid, three-month internship that aims to boost the energy efficiency workforce.

This Mass Save® program is sponsored by the local electric and natural gas utilities and energy efficiency service providers that are all committed to taking strides in energy efficiency.

ABOUT THE PROGRAM

- A three-month, fully paid, 40 hours per week internship with a reputable contractor.
- Wages start at \$20.00 per hour.
- Opportunities to learn and grow alongside fellow interns in the cohort.
- Access to additional professional development opportunities.
- Job placement assistance provided either with current employer or another reputable contractor.

Applications are due by November 18.

To apply, contact: [Mass Hire@ 508-990-4000](mailto:MassHire@508-990-4000)
or info@masshiregnbcc.com

ELIGIBILITY REQUIREMENTS

- Identify as person of color, woman, LGBTQI+, first generation resident, and/or multilingual.
- Must be at least 18 years old by the start of the internship.
- Must live in or be available to work in Dorchester, Fall River, Lawrence, Mattapan, Roxbury, Springfield, or Worcester metro areas.
- Must pass a background check and drug screening.
- Must be authorized to work in the U.S.
- Must possess a valid MA driver's license or ID card.
- Priority will be given to applicants with an interest in weatherization.

MassHire Program Services are funded in part by US Department of Labor (USDOL) Employment and Training Administration grants as well as non-federal funded grants. Additional details furnished upon request.
