Training Opportunity

Oct. 5 - 28, 2021

Become a

PHARMACY TECHNICIAN

Pharmacy Technician is an exciting, in-demand job. The need for Pharmacy Technicians is expected to increase by 7-10% over the next ten years. Our program will prepare you to work in a retail pharmacy, a great first step on a rewarding career path.

Participants learn:

- Customer service skills
- Prescription assembly & labeling
- Pharmacy rules and regulations
- Intro to pharmacy database operation
- Soft skills, job seeking skills, interview skills, and more.

CANDIDATES MUST BE

- 18 years of age or older
- Have a high school diploma or equivalent
- Be willing to work full-time as a pharmacy technician upon completion of the training
- **AND** have had your employment situation affected by Covid in some way (Contact us to see if you qualify.)
