considered.

MassHire Programs & Services are funded in part by US Department of Labor (USDOL) Employment and Training Administration grants as well as non-federal funded grants. (Additional details furnished upon request.)

Pharmacy technicians are important members of the healthcare team that ensure that patients receive safe and effective drug treatment. Pharmacy technicians collaborate closely with pharmacists and other healthcare professionals and provide critical services to support the pharmacy team's patient care initiatives.

Our program includes:

- Paid employment
- Training from experts in the field
- Opportunity for career advancement
- Successful candidates may be eligible for a program that leads to an industry recognized certification
