

SOUTHEAST REGION 6 WORKFORCE BOARDS

This free Lean 101 manufacturing course will help your staff look at your operation in a manner that identifies and eliminates non-value added activities, more commonly called waste. Lean establishes a systematic approach to eliminating waste and creating flow throughout the whole company. It also helps you develop and implement a long-term plan to streamline your operations for success by doing more with less.

- **Reduce Cycle Time**
- **Reduce Inventory**
- **Reduce Work-in-Process (WIP)**
- **Reduce Costs**
- **Increase Capacity & Productivity**
- **Increase Sales & Profit**
